Sec. 2 Nature of the Fund – The Fund is a unit investment trust fund (UITF) established in accordance with and shall be operated subject to the stipulations of this Plan, which may be amended in accordance with the regulations issued by the BSP and existing laws.

The Fund shall be treated as an entity separate and distinct from its constituent assets and from the contributions of the participants thereto and from other trust accounts administered by the Trustee.

Description of the Fund – The Fund is classified as an equity fund that has at least 80% of its net asset value (NAV) in equities.

Title to Assets of the Fund – All assets of the Fund shall, at all times, be considered as assets held by the Trustee and title thereto shall be vested solely in the Trustee.

Nature of Participant’s Interest in the Fund – No participant shall have or be deemed to have any ownership or interest in any particular account, investment or asset of the Fund but shall have only its proportionate and undivided beneficial interest in the Fund as a whole.

Sec. 3 Investment Objectives and Policy – The Fund shall be invested and reinvested in such investment outlets and held and disposed of in accordance with such investment objectives and policies as specified below.

Investment Objective – The Fund intends to achieve for its participants long-term capital appreciation by investing mainly in a diversified portfolio of choice common and preferred equity issues listed in the Philippine Stock Exchange which have a regular dividend payment policy and/or dividend payment track record.

Return Objective – The Fund aims to outperform its benchmark which is the Philippine Stock Exchange PSEi Total Return Index (PSEi TRI).

The PSEi TRI tracks the performance and income from dividend payments of the Philippine Stock Exchange Index (PSEi) constituents by reinvesting cash back to the Index. The PSEi is the main index of the Philippine Stock Exchange (PSE). It is a composite index that tracks the performance of the top 30 publicly listed companies in the Philippines based on market capitalization, and is computed using a free-float, market capitalization-weighted methodology. It includes a diversified range of companies from various sectors of the economy including financials, property, industrials, services and holding companies, among others. The PSEi TRI is a total return benchmark which accounts for and reinvests income generated by its underlying securities on ex-date.

The PSEi TRI is maintained by the PSE, calculated using market prices and income from dividends of the underlying securities, and rebalanced semi-annually. Additional information on PSEi TRI and/or its administrator is available on www.pse.com.ph/indices.

The Index is not adjusted for tax by the Trustee and does not reflect deductions for fees and expenses.

The benchmark provides a standard for evaluating the Fund's performance by helping investors/participants understand how the Fund is performing relative to the performance of the Philippine equities market as represented by the PSEi TRI. The benchmark's characteristics, including its composition and the corresponding weights of its constituents, serve as reference point for the Fund's allocation and security selection profile.

Investment Policies – Pursuant to the foregoing objectives, the Fund may be invested and reinvested in:

- (a) Equities listed in the PSE which have a regular dividend payment policy and/or track record of regular dividend payments;
- (b) Securities issued by or guaranteed by the Philippine government or the BSP;
- (c) Tradable fixed income securities issued by private and public corporations which are listed and traded in an organized exchange/market such as bonds and notes;
- (d) Deposits and tradable money market instruments issued by local banks, including those of the Trustee's own bank, and foreign banks or their Philippine branches or any financial institution in any foreign country;
- (e) Financial derivatives instruments solely for the purpose of hedging risk exposures of the existing investments of the Fund, provided that these are accounted for in accordance with existing BSP hedging guidelines as well as the Trustee's risk management and hedging policies duly approved by the Trust Investment Committee and disclosed to participants; and
- (f) Such other tradable investment outlets/categories as the BSP may allow.

Investments in items (b), (c) and (d) above shall be made essentially to address the liquidity and redemption requirements of the Fund.

In dealing with related counterparties, the Trustee shall be transparent at all times and maintain an audit trail of all transactions with related parties or entities. The Trustee shall observe the principal of best execution and no purchase/sale shall be made with related counterparties without at least two (2) competitive quotes from other sources. The financial institution in a foreign country must have at least an investment grade credit rating from a reputable international credit rating agency.

Exposure Limits. The combined exposure of the Fund to any entity shall not exceed fifteen percent (15%) of the market value of the Fund; Provided that a Fund invested partially or substantially in exchange-traded equity securities shall be subject to a twenty percent (20%) exposure limit to a

single entity/issuer; Provided further, That any exposure exceeding fifteen percent (15%), up to the applicable twenty percent (20%) limit, shall be solely in the form of exchange-traded equity securities of the same entity/issuer. This limitation shall not apply to non-risk assets as defined by the BSP under Section 344 of the Manual of Regulations for Banks (MORB).

The Trustee shall be cognizant of the aggregate investments of the fund in any entity and its related parties, and shall have adequate tools and controls in place to effectively manage the overall risk exposure.

Should the limits prescribed above be breached for any reason, the Trustee must notify the appropriate supervising department of the Bangko Sentral (i.e. Capital Markets and Trust Supervision Department) of such non-compliance on the banking day immediately following the occurrence of the breach. The notice shall be signed by the trust officer, or an officer of equivalent rank, and shall contain the following minimum information: (a) the date the breach occurred; (b) the reason/s for or factor/s leading to the breach; and (c) the action/s the trustee has taken and/or will take to achieve full compliance with the exposure limit. Breaches arising solely from mark-to-market movements of investments or any extraordinary circumstances (e.g. abnormal redemptions which are beyond the control of the Trustee) shall be corrected within thirty (30) days from the time the limit is breached. All other breaches shall be acted upon immediately. Once full compliance is achieved, the Trustee shall submit a notice to the Bangko Sentral stating that the breach has been corrected.
